

Private Gym Rental Policies

Effective July 1, 2020 – Updated August 15, 2020

Please make sure you read and understand all of these policies before registering for a private gym rental. If you have any questions, please contact us to clarify. Safety is our highest priority at this time. Thank you all very much for your continued support and participation in our programs and for following our new policies to keep everyone safe while being able to play together again.

Gym rentals are for 1 hour and 15 minutes only. The gym will be closed for 30 minutes between rentals for full cleaning and disinfection.

All payments for gym rentals must be made electronically through our website. Gym rentals will be limited to either 1 individual family per time slot or 2 families that are close, related and/or have been together regularly recently. Rentals are available on a first to register online basis. Only parent/guardians and their own children are permitted in the gym at one time with a maximum of 3 adults and 6 children. Grandparents/Nannies/Babysitters are permitted to bring your children instead of a parent as long as they have been with your children regularly and there are no more than 3 adults maximum. Masks are required for all adults when entering, exiting and when going to/from the restroom. Children are not required to wear masks, but if you prefer to have them wear one, you are welcome to do that. Please make sure you are committed to your time slot when you register and pay as we will not be able to change your time or provide a refund for any reason. Refunds also will not be provided if you arrive and show signs of COVID-19 and are denied entrance.

The Comprehensive Waiver of Liability and COVID-19 Certification must be completed by a parent or guardian prior to arrival. This will be sent to you electronically when you register for the gym rental. If someone other than the parent/guardian will be bringing your child to the gym, that person must also fill out a COVID-19 Certification prior to arrival. Please email us at info@whippersnappersplaygym.com to receive an electronic copy of this form for the adult that is bringing in your child. These forms only need to be completed once prior to your first visit. If the Comprehensive Waiver is not on file when you arrive, you will not be permitted into the gym until it is completed by the parent/guardian. This waiver for children cannot be filled out by a grandparent/nanny/babysitter/other relative.

When you arrive, please enter at the front door and wait at the door to be greeted. Please use the hand sanitizer at the door and then a staff member will take your temperature. If you prefer to take your child's temperature yourself with our thermometer, that is fine. You will then sign in for the rental time slot. This sign in is required at every visit to re-certify your COVID-19 status and to keep a record of who is present for contact tracing if it is ever needed. Once you have these four items completed (waiver on file for all attendees, hands sanitized, temperature below 100.4 and signed in) you may proceed to your cubby which will have a basket of PPE items for your use during your visit. We are encouraging people to leave all unnecessary items in your car, but you can leave your keys and shoes or whatever else you bring in with you in your assigned cubby. After you and your child remove your shoes, you may then enter the gym.

Clorox wipes, hand sanitizer, gloves and Lysol spray will all be available for your use during your visit. We will also have masks available if you forget yours. If you'd like to wipe down something in the gym prior to your child using it, you are welcome to do that at any time. We will also be thoroughly cleaning the gym, cubbies, and bathrooms before and after every program and will also clean items during activities as needed.

No food will be permitted in the building. The kitchen and party room will not be available for food breaks. Only personal water bottles will be allowed in the cubby area. Our water cooler is no longer available for use. The lobby and one of the restrooms will also be closed. The restroom by the front door with the changing table will be available for use, but we urge people to have their kids try to "go" or change their diapers before leaving the house. We absolutely understand kids do not work on our schedule and restroom use will be required, but we would just like to try to limit it as much as possible.

Wifi is available upon request and a table can be set up in the gym if you'd like to work during your time here while your children play. Please remember it is your responsibility to stay in the gym and supervise your children at all times. Staff members will not facilitate activities.

Please note: This program is not the same as our previous Open Play hours and as such, the Open Play Frequent Visitor Passes are not valid for entry to our Private Gym Rental Program. Once we are able to run our regular Open Play hours again, all Frequent Visitor Passes will be re-activated with the same amount of time/visits left as when we closed on March 17th. If you have a pass and would like to convert the visits to a dollar amount that can be used as a credit for other services, we will allow that on an individual basis. This will not be done automatically for all customers with a Frequent Visitor Pass, it is up to the passholder to contact us to discuss.

Whippersnapper's Play Gym reserves the right to update or alter any of these policies at any time as state regulations are updated or the current environment warrants such changes.
