Do you have a child that will be starting Preschool or Kindergarten soon?

This drop off class will help your toddler get ready for their time away from you and begin to learn in a school-like structure. This class focuses on the emotional and social impact of drop off classes to help ease the transition for you and your child. The class promotes gross and fine motor skill development through indoor gym time, outdoor play and crafts, while also developing listening skills with instructor-led activities and story-time. We also have snack time that is provided by parents. Children do not need to be fully potty trained, but they must be aware of the potty and it's purpose and willing to try to use it everyday.
