

Open Play Policies

Effective 3/1/2021

Please make sure you read and understand all of these policies before registering for Open Play. If you have any questions, please contact us to clarify. Safety is our highest priority at this time. Thank you all very much for your continued support and participation in our programs and for following our new policies to keep everyone safe while being able to play together again.

Open Play is only available by pre-registration through our online store only and is only available during the times on our schedule that are designated as open play. All details (times, cost, capacity) are subject to change at any time. Open Play will have a limited capacity which may change as the government restrictions change. Open Play spots are available on a first to register online basis. Please make sure you are fully committed to attending your time slot when you register as we will not be able to change your time or provide a refund for any reason. Refunds also will not be provided if you arrive and show signs of COVID-19 and are denied entrance.

Cost is \$12 per child age 0-13 for a 2 hour time slot and only one adult per paid child is permitted to attend. Children under the age of 1 may attend for free with a paid sibling. This does not apply to cousins or other relatives and additional adults may not be added on.

Masks are required for all adults and children age 3 and over. Children under 3 are not required to wear masks, but if you prefer to have them wear one, you are welcome to do that.

The Comprehensive Waiver of Liability and COVID-19 Certification must be completed for all children by a parent or guardian prior to arrival. This will be sent to you electronically when you register for the Open Play. If someone other than the parent/guardian will be bringing your child to the gym, that person must also fill out a COVID-19 Certification prior to arrival. Please email us at info@whippersnappersplaygym.com to receive an electronic copy of this form for the adult that is bringing in your child. These forms only need to be completed once prior to your first visit. If the Comprehensive Waiver is not on file when you arrive, you will not be permitted into the gym until it is completed by the parent/guardian. This waiver for children cannot be filled out by a grandparent/nanny/babysitter/other relative.

When you arrive, please enter at the front door and wait at the door to be greeted. Please use the hand sanitizer at the door and a staff member will take your temperature. You will then sign in for the open play. This sign in is required at every visit to re-certify your COVID-19 status and to keep a record of who is present for contact tracing if it is ever needed. Once you have these four items completed (waiver on file for all attendees, hands sanitized, temperature below 100.4 and signed in) you may proceed to your cubby. We are encouraging people to leave all unnecessary items in your car, but you can leave your keys and shoes or whatever else you bring in with you in your assigned cubby. After you and your child remove your shoes, you may then enter the gym.

Clorox wipes, hand sanitizer, gloves and Lysol spray will all be available for your use during your visit upon request. We will also have masks available if you forget yours. If you'd like to wipe down something in the gym prior to your child using it, you are welcome to do that at any time. We will also be thoroughly cleaning the gym, cubbies, and bathrooms before and after every program and will also clean items during activities as needed.

No food will be permitted in the building during open play. The kitchen and party room will not be available for food breaks. Only personal water bottles will be allowed in the cubby area. Our water cooler is no longer available for use.

Please note: This program is not the same as our previous Open Play hours and as such, the Open Play Frequent Visitor Passes are not valid for entry to our new Open Play Program. If you have a pass from the past and would like to convert the visits to a dollar amount that can be used as a credit for other services, we can accommodate that, but you must give us a call to convert the balance and obtain a code to use for Open Play Registration.

Whippersnapper's Play Gym reserves the right to update or alter any of these policies at any time as state regulations are updated or the current environment warrants such changes.
